

Opened Osaka Branch.

The Company (e.Shipping Co., Ltd.) will open its Osaka Branch on April 1, 2020.

Since its establishment in November 2017, the company has taken advantage of the fact that its parent company, Suzue Corporation, is a terminal operator, and has conducted collection activities based on the provision of a vessel booking service based on an optimal and best-suited marine transportation plan in cooperation with client shipping companies.

We have been developing our sales activities mainly in the Kanto region, but we have recently opened the Osaka branch to expand our services to our existing customers in the Kansai region.

The location of the Osaka branch is as follows.
